

# SPHERICAL SCREEN SERIES

Ultra high resolution  
Clear screen and stronger display effect

Adopting driver design  
Energy saving and low heat generation

High performance kit  
Let safety accompany you

Ultra long service life  
Make the brilliance last longer

Anti-interference  
More stable data transmission

IP68/IP65 protection

## PRODUCT PARAMETERS

Model	specifications
XS-I-B-1.8	φ 0.75m Whole ball
	φ 1m Whole ball
	φ 1.2m Whole ball
	φ 1.5m Whole ball
	φ 1.8m Whole ball
	φ 2m Whole ball
	φ 2.5m Whole ball
	φ 3m Whole ball
	φ 4m Whole ball
	φ 4.5m spherical crown H0.8m
XS-I-B-2	φ 0.8m Whole/Half
	φ 1m Whole ball
	φ 1.2m Whole ball
	φ 1.4m Whole ball
	φ 1.5m Whole ball
	φ 1.8m Whole ball
	φ 2m Whole ball
	φ 3m Whole ball/crown H0.75m
	φ 4.5m Crown H0.8m
	φ 5m Whole ball
XS-I-B-2.5	φ 0.6m Whole ball
	φ 0.8m Whole ball
	φ 1m Whole ball
	φ 1.2m Whole ball
	φ 1.4m Whole ball
	φ 1.5m Whole ball
	φ 1.6m Whole ball
	φ 1.8m Whole ball
	φ 2m Whole ball/crown H0.66m
	φ 2.5m Whole ball

Model	specifications
XS-I-B-2.5	φ 3m Whole ball
	φ 4.5m Crown H0.8m
	φ 4.503m Crown H0.403m
	φ 0.3m Whole ball
	φ 0.5m Whole ball
	φ 0.6m Whole ball
	φ 0.8m Whole ball/hemisphere
	φ 1m Whole ball/hemisphere
	φ 1.2m Whole ball
	φ 1.4m Whole ball
XS-I-B-3	φ 1.5m Whole ball/hemisphere
	φ 1.6m Whole ball
	φ 1.8m Whole ball
	φ 2m Whole ball/hemisphere
	φ 2.2m Crown H0.8m
	φ 2.5m Whole ball
	φ 2.5m Telescopic ball
	φ 3m Crown H0.75m
	φ 3m Whole ball
	φ 3m Telescopic ball
XS-I-B-4	φ 4.2m Whole ball
	φ 4.5m Crown H0.8m
	φ 5m Whole ball
	φ 6m Whole ball
	φ 7m Whole ball
	φ 9m Whole ball
	φ 0.6m Whole ball
	φ 0.8m Whole ball/hemisphere
	φ 1m Whole ball/hemisphere
	φ 1.2m Whole ball/hemisphere

Model	specifications
XS-I-B-4	φ 1.5m Whole ball/hemisphere
	φ 1.8m Whole ball
	φ 2m Whole ball
	φ 2.2m Whole ball
	φ 2.4m Whole ball
	φ 2.5m Whole ball
	φ 3m Whole ball
	φ 4m Whole ball
	φ 5m Whole ball
	φ 1m Whole ball
XS-I-B-5	φ 1.2m Whole ball
	φ 1.5m Whole ball
	φ 1.8m Whole ball
	φ 2m Whole ball
	φ 2.5m Whole ball
	φ 3m Whole ball
	φ 2.5m Whole ball
	φ 3m Whole ball
	φ 6m Whole ball
	φ 3m Whole ball
<b>Transparent spherical screen</b>	
XS-I-B-3.91	φ 2m Whole ball
XS-I-B-5	φ 3m Whole ball
<b>Outdoor spherical screen</b>	
XS-O-B-4	φ 2m Whole ball
XS-O-B-6	φ 2m Whole ball
	φ 6.8m Whole ball
XS-O-B-8	φ 4m Whole ball
XS-O-B-10	φ 2m Whole ball
	φ 3m Whole ball
	φ 4m Whole ball
	φ 4.8m Whole ball

## ULTRA HIGH RESOLUTION

The resolution of LED spherical screens is extremely high, with a resolution of 5K or higher, and can be adjusted according to customer requirements to ensure the clarity of the image and improve its effect.

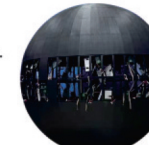

## HIGH PERFORMANCE KITS ACCOMPANY SAFETY

The reliability of LED spherical screens is excellent. It adopts air isolation technology, which can effectively avoid the burning of electronic components caused by changes in air temperature, thereby ensuring the safety of LED spherical screens.

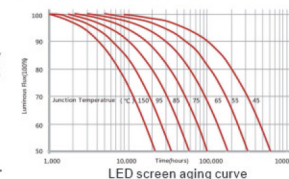

## INSTALLATION IS EXTREMELY SIMPLE

The installation of LED spherical screens is extremely simple, and can be constructed in any shape. The installation operation is simple, which can greatly improve work efficiency. The assembly of LED spherical screens is extremely convenient, and flexible assembly methods can be adopted to achieve flexible layout according to different site environments, thereby meeting the different needs of various venues.

## ULTRA LONG SERVICE LIFE

The life of the spherical screen lamp beads is very long, greatly reducing the number of screen replacements and saving a lot of maintenance costs.

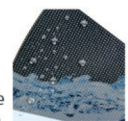

## ENERGY SAVING AND LOW HEAT GENERATION

The control system of LED spherical screen is extremely complete, and multiple control methods can be used, such as wireless control, network control, etc., which can easily achieve screen control and management. The energy consumption of LED spherical screens is extremely low, lower than that of ordinary LED screens, which can effectively save energy and reduce operating costs.

## IP68/IP65 protection

The waterproof performance of LED spherical screens is excellent, which can perfectly prevent the invasion of water vapor, effectively protecting the structural safety and reliability of LED spherical screens.

## MORE STABLE ANTI-INTERFERENCE DATA TRANSMISSION

The LED spherical screen has excellent anti-interference performance, which can effectively resist external interference and ensure the clarity and smoothness of the appearance.

## 360 ° ULTRA WIDE VIEWING ANGLE

The LED spherical screen has a very large luminous angle, which can reach 360 degrees and emit light simultaneously, thereby improving the display effect of the image.
